

Instructions

One unforgettable lesson came to me the day my fourth grade teacher handed us a pop quiz and told us there would be a reward for the first person to finish. Heads hurriedly hunched over desks while pencils tapped out answers to nonsensical questions. I lifted my head and thought, something's not quite right. I scanned the test for clues where I found only one line of instruction at the top of the page. Read the whole test once before you begin. Then, at the bottom of the last page, following the last question, were these words: Do not answer any of the above questions. I set my pencil down and smiled.

Wool Tinctures have been prepared to bring you all the enchantment of dyeing without the hassle. There is no mixing, measuring, or calculating required. I believe you will find these instructions remarkably simple if you'll follow this one bit of advice:

Read all of the instructions once through before you begin.
